It's with great regret I'm writing not with Final regulations but with notice of the event being withdrawn. Unfortunately the South Hams Solo has been incredibly poorly supported making the event not viable to run in a financial sense but also in a competitive sense, what is a competition without competitors?

This is not a decision taken lightly with the involvement and time invested. The organising of events in the modern day is fraught with complications and dwindling numbers is the worst to deal with, letting down the people who have actually supported us is really disheartening.

We are truly grateful of your support of the event and one day hope to run with more success, however until then we wish you every success in your year's motorsport.

Full refunds will be processed ASAP.

Regards

Matt Power & Tom Marsh  
South Hams Motor Club
